

## BARREL OWNERS' Registration Information

**Standing Stone Vineyards' Barrel Owners** are very special. At a cost of \$750.00 (pre-tax), you can become a Barrel Owner. You will own either one Hungarian Oak or one American Oak barrel - depending on our winemaking needs, but we will do our best to accommodate your preference. Your barrel will work hard in our cellar for six vintages, producing Reserve Chardonnay, Cabernet Sauvignon, Petit Verdot and Saperavi.

### FOUR BOTTLES PER YEAR

Barrel Owners receive four complimentary bottles of wine, of your choice, each year, for six years. One of these bottles, each year, can be over \$40 (pre-tax), one can be over \$30 (pre-tax) - resulting in a current potential value of more than the barrel cost. For example, two Saperavi and three Ice style wines would total approximately \$135 (pre-tax). Should you select one Reserve Saperavi, one Petit Verdot and two Ice style wines the total would be approximately \$135 (pre-tax). Of course, these are just examples, and you can mix and match any of our wines.

### DISCOUNTS

33% discount on every wine purchase at Standing Stone Vineyards, whether one bottle or many cases.

### COMPLIMENTARY BENEFITS

When you enroll as a Barrel Owner you will receive two Standing Stone logo glasses (\$14 value). You will also be entitled to one Barrel Tour for two (\$40 value) or one Vertical Tasting for two (\$50 value) every year for six years. All other tours and events at Standing Stone Vineyards are half-price for you and a guest. We also offer Barrel Owners our regular wine tasting for two at no charge, which includes any reserve and "secret" wines. You may also elect to enjoy our regular wine tasting, seated at a private table with a pairing of local cheeses, at no charge. At the end of six years you are welcome to take your barrel home or, if you prefer, select a bottle of one of our Reserve or Library wines.

### **SPECIALS, INVITATIONS & EXCLUSIVES**

Throughout the year you will receive special offers, invitations and exclusive previews. For example: new releases; wines we occasionally "find" in the warehouse; the opportunity to sign up for "future" releases. Upcoming vertical tastings and other events will all be offered first to you.
